The Best Book

A man can have in his pocket, the Bible alone excepted, is a bank book. The plot is absorbing and the readers' interest increases at the rate of four per cent. Call at our bank today and get one. The check system is suited to all kinds of business and will assist you in holding onto the dollars. You can be saving and not be a miser. Economy encourages all the better elements of manhood. It is easy to economize with your money in a bank where you do not see it. If it jingles in your pocket there is a temptation to spend it. We will harness it up and put it to work earning interest for you. It is possible you have never felt the absolute necessity of having a bank account. You might drift along and prosper without one, but it is much easier to forge to the front in a financial way if you have one of our neat little bank books in your pocket. Do you know of a single prosperous man who does not carry one? You are glad to follow the example of the wise and prudent men in other respects, why not in this? Call today, make a small deposit as a starter and you will step a little higher as you go home to your family with a bank book in your pocket. Try it just once.

HOLIDAY GREETINGS

First of all we want to express our thanks for the most liberal and increased patronage we have received in our Furniture and Undertaking Departments. We have made large additions to both of these departments and carry a most complete and up to-date stock, both high grade and medium and popular priced goods. We are glad that our efforts to please have met with such appreciative patronage, it helps us and helps our customers to be able to buy the most up-to-date and choice lines of merchandise and to make their selections in their own home town and at a saving in price, too, from what is usually charged in other large retail stores. As the year with all its toil, its sorrow and pleasures is so near the end we wish to express our appreciation of so many kind expressions from our friends and customers and as our mutual interests and business associations every year knit more closely we feel each year a deeper interest in the personal welfare of all. We are better prepared to serve you than ever before. We want your business for 1911.
